Pierce School Enrichment Program

GENERAL INFORMATION AND POLICIES

Registration

Registration for winter enrichment classes will begin on Monday March 4th at 7am. **IMPORTANT NOTE:** We will be going to a new online registration system which allows parents to create an account online. Please make sure to read the [last page](#) of this brochure to familiarize yourself with the new registration procedures. Incomplete registrations will not be processed. We encourage families to enroll ASAP, as most of you know many of our most popular classes fill up in a matter of hours!

Program Dates

Fall classes begin on April 1st and run for 8 weeks. There are no classes on school holidays, school vacation days, or snow days. Please note that classes DO meet during early release days at their normally scheduled time. Classes may be canceled due to inclement weather. Due to the scheduling of enrichment classes, we can't offer more than one make-up class due to inclement weather or snow days. In the event of instructor absence, a substitute teacher will fill in for the class, or the instructor may opt to schedule a make up class at the end of the session. Please see the class schedule for a list of class meeting dates.

Course Cancellation

We reserve the right to to cancel courses due to low or no enrollment. If we do cancel a course you have already registered for, we will contact you and offer you a full refund for the canceled course, or make arrangements for your child to take another class of his or her choosing.

Arrival and Departure

Please be informed that PSED does not accept responsibility for locating children who do not show up for enrichment class. Due to the large number of children participating in the classes, the PSED Enrichment Coordinator is unable to track children who do not arrive at their class. Children who attend PSED on the day of their enrichment class will be tracked by their PSED teachers. Please be aware that Enrichment teachers are not required to stay with children beyond the class end time to wait for late parents or pick up people. Please make sure to be on time if you choose to pick your child up from class.

Contact:

All additional contact including reminders, class cancellations, and schedule changes will be done via email. We will send all email messages the "Parent I email address) that you provide on your registration form. Please be sure to add pierceenrichment@gmail.com to your "email safe list" to ensure that our emails arrive in your inbox. We encourage families to share additional information about their child's needs so it can be shared with the enrichment instructor and enrichment coordinator.

Pierce School Enrichment Program

GENERAL INFORMATION AND POLICIES

Discipline:

In order to maintain a healthy, productive environment for students enrolled in classes, all children will be required to exhibit appropriate behavior. If an instructor believes that a child is disruptive to the program, he or she will be temporarily removed from the class and the enrichment coordinator will notify his or her parent. If the situation recurs, the child may be excluded from future classes. We ask for your cooperation by communicating these expectations to your child and by enrolling your child only in those classes, which are of interest to him or her.

Payment Options:

We are pleased to now offer online payment options! You can choose to pay for classes using the following payment methods (Visa, MasterCard, or by check). If you choose to pay online, your child's class registration will be fully reserved as soon as you submit the online payment. If you prefer to pay by check, you still have that option. However, please be aware that your child's spot will not be secured until we receive your check payment. We encourage families to register early as classes have limited space and will be filled on a first-come first-serve basis.

Scholarships:

Partial scholarships are available for qualifying families. Please contact Jen Proulx at 617-730-2589 or e-mail pierceenrichment@gmail.com if you would like more information about this. You need to contact us before you register online to request scholarships.

Feedback, Suggestions, and Ideas:

We welcome your feedback, ideas, and suggestions for strengthening the Enrichment Program. Please contact Jen Proulx at 617-730-2589 or e-mail pierceenrichment@gmail.com

PLEASE NOTE:

There are no refunds for classes once your child has been registered and we receive payment. Refunds will only be issued if the class is cancelled. Enrichment is ONLY for students in 1st grade and up. If you sign-up your kindergartener for classes you will be asked to leave the class and will NOT be refunded for the class.

MONDAY CLASSES

“Beading” Mondays (2:40-3:30)

In this beading classes, we will work with all kinds and sizes of beads. Let your inner creative jewelry designer jump in to your artistic expression. From the box of beads, we can make necklaces, bracelets, book marks, ankle bracelet and more.

Instructor: Margaux Skalecki
Grades: 1st-4th
Cost: \$150

“Martial Arts-Beginners Monday (2:40-3:30)

This course helps kids develop self-confidence by teaching the discipline, self-respect, self-defense, and physical conditioning that are hallmarks of the martial arts. The karate class consists of learning the basics of karate which include punches, kicks, blocks. Games are used to incorporate and practice skills learned. Stranger danger skills including basic self defense skills such as verbal boundary setting and physical self defense against hand grabs, pushes, etc.

Instructor: Marisa Cimino
Grades: 1st-2nd
Cost: \$150

“Dessert Chefs” Mondays (2:40-3:30)

Do you like to cook and try different recipes? Then this class is for you. Get out your aprons, spoons and learn recipes from scratch. Share ideas about what you like to cook and create a class cookbook.

Instructor: Tereza Guzman
Grades: 1st-2nd
Cost: \$150

“Jazz Dance” Mondays (3:40-4:30)

Jazz dance fuses various dance styles, from funk to the lyrical lines of blues and ballet. This course provides an opportunity to condition the body in the areas of muscle and cardiovascular endurance, coordination, rhythm, and balance. Our sessions will consist of isolated body movements, technique work, basic steps and combinations, and traveling movements across the floor. After basic jazz-style warm up exercises, we will concentrate on choreography.

Instructor: Margaux Skalecki
Grades: 1st-4th
Cost: \$150

“Creative Electronics and Coding” Monday (2:40-4:10)

“Are your kids obsessed with electronics? Are they playing video games? We have just the right program for them to get started with spending their time more productively with computer screens. Growth Plan is designed with the initiative in mind that will help equip students with these 21st century skills in a fun and exciting manner.

Students will learn how to program microcontrollers (mini-computers) that are usually found in appliances, and how to create games in Scratch.

Instructor: Butterfly Coding
Grades: 3-6
Cost: \$260

“Parkour” Thursdays (2:40-4:00)

Parkour, also known as freerunning or l'art du déplacement originally started outside of Paris in the late 1980's and has since become one of the fastest growing sports in the world. Parkour practitioners learn to navigate their environment and overcome mental and physical challenges in a safe and progressive manner in order to be able to move through any environment. Practitioners, known as traceurs, learn to look at their world through the unique lens of "parkour vision" to turn any environment into a playground for creative expression through movement and physical challenge. Classes are designed to accommodate a wide range of fitness and ability levels, and are all taught by ADAPT-certified instructors.

Instructor: Parkour Generations
Grades: 2nd-6th
Costs: \$180

“Top Chef” Mondays (3:40-4:30)

Do you want to learn how to follow a recipe and create different meals? Do you like to try different foods? The get ready to whip up some different meals from breakfast, to dinner and even dessert! Make your own apron, hat, and cookbook to bring home with you.

Instructor: Tereza Guzman
Grades: 2nd-5th
Cost: \$150

“Sewing” Mondays (2:40-4:00)

Come and get creative this Fall and learn to Sew! Learn how to hand sew, as well as how to use a sewing machine. Create some cute pillows, stuffies and fall accessories, scarves, bags or make your own clothes, leggings sweatshirt and lots of other fun projects!

Instructor: Hipstitch
Grades: 2nd-5th
Cost: \$225

TUESDAY CLASSES

“Fencing ” Tuesdays (2:40-3:40)

Join The International Fencing Club (IFC) to learn the sport of fencing! Fencing is becoming more and more popular with the young people of this country. The IFC offers one of the best fencing programs in New England. The IFC provides students the highest quality fencing instruction available. They provide a safe and positive learning environment that people of all ages can enjoy. This class is for all levels of fencers, from the casual recreational fencer to the serious national and international competitor. Cesar Morales and the coaching staff remain interested in the complete personal development of each student. Individual attention is a feature of each and every class, allowing all students to progress quickly and confidently toward their personal goals.

Instructor: Cesar Morales
Grades: 1st-4th
Cost: \$150 for 8 weeks

“Outdoor Explorers-Puddlestompers Tuesdays (2:40-3:40)

Come explore nature after school! Discover worms and other exciting life in the soil. Search for signs of animals and their food sources. Learn how plants grow and look for rainbows after April showers. Investigate birds building their new nests. We will use hands-on exploration activities, active movement and play to investigate the natural world around us.

Instructor
Grades: 1st-2nd
Cost: \$160

“Circuit Makers” Tuesday (2:40-4:10)

Let's get creative with electricity! In this junior version of our Hands-On Electronics class, students will gain experience with creating their own electronics, designing custom light-up greeting cards, electric games, mazes, and even musical instruments. Each class day consists of a circuitry lesson and a hands-on electronics project, using components like lights, buzzers, switches, and sensors.

Instructor: Circuit Lab
Grades: 1st-3rd
Cost: \$200

“Acting” Tuesdays (3:40-4:30)

A class for those who want to learn about everything that goes into acting and the stage! We will engage in theater games and skits, scene creations, improvisation, technique, voice projection, movement on stage, and more. This experiential class is designed for both those with some theater experience as well as those who are new to the art. All are welcome!

Instructor: Margaux Skalecki
Grades: 1st-3rd
Cost: \$125

“Beginning Piano” Tuesday (3:40-4:30)

What has 88 keys but opens no locks? The Piano of course! In this Beginning Piano class the students will be introduced to the Piano. They will learn the names of all of the notes, and learn to play several songs. This is a super class for the beginning student!

Instructor: Eileen Goldfless
Grades: 1st-3rd
Cost: \$125

“Intermediate Piano” Tuesday (2:40-3:30)

This is a class for students who know the notes and can already can play three songs! If you took beginning piano before then this is the class for you.

Instructor: Eileen Goldfless
Grades: 1st-2nd
Cost: \$125

“Stationary Design ” Tuesday (2:40-3:30)

A fun class that connects the participant to lots of art supplies and creativity. We will make a box of cards for family and friends. It is always great to receive a home made card from someone. Happy Birthday, Get Well, Happy Anniversary, Congratulations! Wedding! New Baby! Graduation and more

Instructor: Eileen Goldfless
Grades: 1st-2nd
Cost: \$125

WEDNESDAY CLASSES

“Chess Beginners” Wednesday 2:40-3:30

In this class we will discover the potential of chess; how we can use it to develop problem-solving skills, how to be patient, respect the game and participants, and how to improve our chess skills. This class is designed for children who have never learned how to play chess as well as those who have just started learning. If your child has never taken chess before, we recommended this class to help them continue to learn about the game.

Instructor: Chess Wizards
Open to All grades
Cost: \$150

“Chess Intermediate” Wednesday (3:40-4:40)

Chess is a game which combines creative thinking, logic and analytical skills, spatial relations and pattern recognition, as well as strategic and tactical planning. Making use of all these skills is what makes chess so fascinating as well as challenging. In Advanced Chess we will delve into the concepts of methods of center control, learning classic and modern openings, the strategies of gambits and sacrifices, as well as long range planning and decision making. Chess is a game which involves making sound choices and judgments while also allowing for individual style. To be a good chess player requires the development of focus, patience, and careful planning while also emphasizing the ability to handle challenges with respect, skill, and sportsmanship. Advanced Chess is designed for students who already play chess with proficiency.

Instructor: Chess Wizards
Open to All grades
Cost: \$150

“Supersports” Wednesday (2:40-3:30)

Get up, get going, get active with a F.A.S.T. Athletics Super Sports Program. F.A.S.T. Athletics will offer a variety of sports each week such as: Soccer, Mat Ball, Basketball, Dodgeball, Flag Football, and Kickball. Programs will include proper stretching and warm-up games as well as learning basic skills of each sport, each class will end with a high energy game with the sport played that day.

Instructor: F.A.S.T Athletics
Grades: 1st-4th
Cost: \$150

“iMovie” Wednesday (2:40-3:40)

iMovie will teach students the fundamental elements of filmmaking by providing them the opportunity to make movie trailers and script, film, and edit their own short movie with iPads. In project-based teams, students will learn to develop a storyboard, plan their set and costumes, and use iPads and a green screen to create their films. With iMovie software, they will edit their own version of the movie with their original concepts, music and graphics.

Instructor: BIG Interactive
Grades: 3rd-5th
Cost: \$200

“Power Rowing” Wednesday (2:40-3:40)

Our goal isn't to get you sweaty and kick you out the door. Our goal is to make you healthier, make your heart, bones, and muscles stronger and to sustain that health over your lifetime. These may seem like lofty goals, but they should be the baseline goals of any fitness studio. The paradigm needs to change from working out today to becoming sustainably fit for life.

Instructor: Brookline Power Rowing
Grades: 6th-8th
Cost: \$150

“Intermediate Piano” Wednesday (2:40-3:30)

If your child has already taken beginning piano, or is already familiar with the piano keyboard, and can play three songs, this is the right class for them! In this class we will continue to learn to play lots of fun songs!

Instructor: Eileen Goldfless
Grades: 2nd-4th
Cost: \$125

“Gymnastics” Wednesdays (3:45-4:30)

Learn the fundamentals of gymnastics with our East Coast staff gymnasts. Mats, balance beam, horse, rolls and more!

Instructor: East Coast Gymnastics
Grades: 1st-4th
Cost: \$160

“Piano Club” Wednesday (3:40-4:30)

This is a wonderful class for all levels of students in grades 3-5! Each student in this class will work at their own speed. In addition, each student will have the chance to share with the other students in the class.

Instructor: Eileen Goldfless
Open to Grades: 3rd-5th
Cost: \$125

THURSDAY CLASSES

“SuperStar Soccer” Thursdays (3:40-4:30)

At Super Soccer Stars, it is our goal to teach soccer skills in a fun, non-competitive, educational environment. Our philosophy is to use soccer to nurture, to build self-confidence, and to develop teamwork in every class. Our specially designed curricula use positive reinforcement and a low child-to-coach ratio to ensure that each child improves at his or her own rate while having endless fun. In this class experienced coaches will use specially developed curricula to introduce skills-tactical elements and team concepts in a challenging and fun environment.

Instructor: Superstar Soccer
Grades: 1st-4th
Cost : \$150

“Parkour” Thursdays (2:40-4:00)

Parkour, also known as freerunning or l'art du déplacement originally started outside of Paris in the late 1980's and has since become one of the fastest growing sports in the world. Parkour practitioners learn to navigate their environment and overcome mental and physical challenges in a safe and progressive manner in order to be able to move through any environment. Practitioners, known as traceurs, learn to look at their world through the unique lens of "parkour vision" to turn any environment into a playground for creative expression through movement and physical challenge. Classes are designed to accommodate a wide range of fitness and ability levels, and are all taught by ADAPT-certified instructors.

Instructor: Parkour Generations
Grades: 2nd-6th
Costs: \$180

“Wham Pow Art” Thursdays (2:40-3:30)

In this class students will explore the world of comic book art through a variety of projects involving drawing, painting and mixed media. We will bring our own characters to life, create heroes and villains and learn about storytelling, paneling and animation!

Instructor: Brookline Arts Center
Grades: 1st-2nd
Cost: \$150

“Characters and Comics” Thursdays 3:40-4:30

This class will focus on character development and storytelling. Over the session, we will experiment with different illustration techniques and design a cast of characters. Through drawing and writing exercises, we will develop our characters' personalities, backstories and create the world they live in.

Instructor: Brookline Arts Center
Grades: 3rd-5th
Cost: \$150

“Digital Architectural Design” Thursdays (2:40-3:40)

If you were to design your own home, what would it look like? How about a huge TV and gaming room, 4 car garage, or perhaps a playroom just for your pet dog! It's up to you how you want to make your dream home, but it's important to know some of the basics when it comes to architecture, that way your home is not only stable, but also convenient and functional. By learning Digital Architectural Design, you'll walk through the design process of creating a floor plan, modeling rooms within a home, and creating your first home in which you can tour in 3D. Once you get the grasp of creating the necessities of a home, you'll explore styles and construct commercial buildings that follow standard regulations like fire safety and wheelchair accessibility.

Instructor: Empower Studios
Grades: 2nd-6th
Cost: \$200

“3D Modeling and Printing” Thursdays (3:45-4:45)

You might have seen a 3D printer, but have you ever created your own 3D model? In this class, students develop their spatial and artistic abilities while using modern tools to create printer-ready 3D models. Kids learn modeling by starting with a base mesh, and finish with a fully realized sculpture. An Empow Studios instructor then prints 3D models at our home studio in Lexington, and brings the models back to the kids before the session is complete. For workshops, an Empow staff member will deliver the 3D models back to the library once prints are finished (~3 weeks needed for printing). Internet access desired. Learn more about Empow Studios at <https://empow.me>

Instructor: Empow Studios
Grades: 2nd-6th
Cost: \$200

“Martial Arts-Advanced” Thursday (2:40-3:30)

This course is for students that have previously taken martial arts. The karate class consists of learning a more advanced level karate which includes punches, kicks, and blocks. Stranger danger skills including basic self defense skills such as verbal boundary setting and physical self defense against hand grabs, pushes, etc.

Instructor: Helix Martial Academy
Grades: 2nd-5th
Cost: \$150

FRIDAY CLASSES

“DEILAB-Lego Innovation” Fridays (1:50-2:50)

DEllab unlocks the power of innovation through LEGO based design, engineering projects and challenges. If you love legos and want to learn through building then this class is for you as you will explore form, function and scale through hands-on project based learning and testing with LEGO. Some things that we will be building are soap box racers, sky scrappers, and airplanes. Kids will build self-confidence and develop critical thinking and most importantly have fun. For more information see www.deilab.com

Instructor: DEllab
Grades: 1st-4th
Cost: \$170

“Motion Commotion” Fridays (1:50-2:50)

What’s shaking? Investigate the physics of how things move! We’ll use Newton’s laws to study crashing cars and balloon rocket racers. Build a toothpick tower and see if can survive the shaking of “tectonic plates”, design a zany zip line for a thrilling ride, and spin your way to the top by designing a toy that can spin the longest.

Instructor: Wicked Cool For Kids
Grades: 1st-3rd
Cost: \$150 (6 weeks only)

“Hip Hop” Fridays (1:50-2:40)

Hip Hop is an upbeat exercise and dance class for everyone! We play pop music and keep children active by moving to fast music and choreographing simple routines that everyone can learn. No dance experience required. This class is a great first-time exposure to dance and counting beats. A fun time will be had by all.

Instructor: H2K Fitness
Grades: 1st-4th
Cost: \$150

“Curious Creatures” Fridays (1:50-2:40)

Over the 8 week course, live animals will be visiting Pierce - with discussions focusing on how each animal affects our environment, how we as a population can preserve each creature for the future, and any special characteristics that allow the animals to survive in our ever changing environment. One of our Curious Creatures staff members will bring a variety of animals for the program. We always bring a baby alligator and a big snake! We will bring approximately 10- 12 different species. Discussion will focus on how the animals presented effect our environment and how we as a population can preserve them for the future.. Discussion will also cover each animal’s special characteristics that allow them to survive in our ever changing environment.?

NOTE: NO snacks allowed in Curious Creatures

Instructor: Curious Creatures
Grades: 1st-4th
Cost: \$200

“Archery” Fridays (1:50-2:40)

Archery should be safe and fun. This balance is critical to make the experience in our programs exciting for all who want to explore the way of the bow. Our ‘learn by playing’ philosophy enables us to integrate key concepts of the shot process with unique challenges that engage students and give them a goal to work towards.

Instructor: On the Mark Archery
Grades: 2nd-5th
Cost: \$250

“Fashion Design” Fridays (1:50:3:10)

Do you love Fashion and want to design your own line of clothing? Come and learn how to draw your design and bring them to life. We will teach you how to read and make a pattern from your ideas and a construct the garment using a sewing machine. Learn about seams finishes, how to sew a zipper, ruffle and other simple construction concepts. Make a collection of Spring items to take home, skirts, leggings, simple accessories.

Instructor: HipStitch
Grades: 2nd-5th
Cost: \$250

Registration Information

1. To Register for classes go to the website:

<http://register.asapconnected.com/default.aspx?org=3344>

or log onto the psed website at www.psedbrookline.org (under enrichment registration)

If you have previously registered for a class you just need to click on the login button and enter in your username and password

2. Choose the classes that you would like to register your child for

3. Once you pick a class click on the register now link

4. If you would like to register for more than one class then click continue shopping if not click on the link to create an account

5. Enter your child's name (If you are registering for more than one child click on the add another registrant link) and then create a log in name and password

6. Fill out the required registration information such as you contact information, your child's grade, etc.

7. Select a payment method (Either credit card or check)

8. Once your payment is processed you will receive a confirmation e-mail saying that your child is registered.
